### Scenic Flights This Saturday

On Friday, October 29th, beginning at 7:30 p.m., at Chief Shoppengons Motor Hotel, Grayling will host representatives from the Bahamas, the Caribbean, and Hawaii at an exciting travel party featuring Jet Air, Steamship and Vacation Travel.

Admission will be free and refreshments will be served. Representatives of the travel industry will be present, movies will be shown, and the latest information will be available on winter vacations. Door prizes will be distributed. The public from northcentral Michigan is cordially invited to attend.

On Saturday, October 30th the Grayling Regional Chamber of Commerce is sponsoring "Friendship Flights by United Airlines" from the Grayling City Airport. These flights will be from Grayling to Traverse City, Tahquamenon Falls, Sault Ste. Marie, Alpena, and return to Grayling. The flights will be via United Airlines Boeing 737 jet, and the cost of the flights will be \$10 per person, with the entire proceeds going to charitable organizations.

United Airlines will operate the flights, beginning at 10:30 a.m., in cooperation with the Grayling Regional Chamber of Commerce and for benefit of the Grayling Community Services Fund.

The flights will offer a one-half hour B-737 jet trip over northern and central Michigan on a "first come — first served" basis. United employees have volunteered their time and services for the day.

Midland Travel Service and Valley Travel Service will sponsor a "Travel Party" for area residents from 7:00 to 10:00 p.m., Friday, Oct. 29, at the Shoppengons Hotel, in Grayling. The travel bureaus are cooperating with United in providing the Saturday jet rides.

United's B-737 aircraft will carry 91 passengers and fly at speeds up to 550 miles an hour. They are particularly adaptable to short range intermediate airports and will provide excellent viewing for Michigan's famed Fall color show.

For tickets, contact The Grayling Regional Chamber of Commerce or Chief Shoppengons Motor Hotel.

**RECEIVES KEYS** — Shown here is architect Mike Koteles (left) presenting keys to Board Chairman Gilbert I. Stewart, with President Stenger looking on.

In background is the Occupational Studies Building (named Gilbert I. Stewart Hall), one of three buildings dedicated in ceremonies at Kirtland Community College last week. The Academic Studies Building and Learning Resources Center were also a part of the subject dedicated. Senator Robert Richardson was guest speaker for the occasion.

An estimated 350 people were in attendance for the program, the campus tours, and the cider and donuts served at the reception.

## Crawford County Planning Commission Appointments Made

The newly formed Crawford County Planning Commission will hold its first meeting Wednesday, Nov. 10, 1971, 7:30 p.m., in the Crawford County Building.

Appointees for the newly formed Commission cover the entire county and are as follows: Donald Jansen, Grayling Township; Mary Elaine Harland,

Grayling Township; Jack Trudgemon, City of Grayling; William Valusek, City of Grayling; John Keir, Crawford County Road Commission; Edith Paul, Beaver Creek Township; Ed Young, Maple Forest Township; Harold Mertes, Frederic Township; William Koernke, Lovells Township; Lois Murphy, South Branch Township; and Lawrence Gust, Crawford County Board of Commissioners.

## Council Election Tuesday, Nov. 2

Electors in the City of Grayling will merely be going through the motions on Tuesday, November 2 to vote for three Councilmen for four year terms.

With three vacancies open this year — and only three men filing petitions for candidacies — the only possible stimulant to the election, would be if someone tossed their hat in the circle as a write-in candidate.

Derek McEvers, present mayor, and councilman Robert Golinick will seeking another term. Leo Palmer of 1102 County Road will replace present councilman, Paul Thomson, who decided not to seek another term of office.

There are no state-side decisions to be made this fall for the voters, and with no competition for councilmen — it definitely will be a no-hum election.

The polls will be open from 7 a. m. until 8 p. m. at the City Building, 103 James St. on Tuesday, Nov. 2.

## Thursday, Oct. 28

### Canoe Control Hearings Start

LANSING—The first of three public hearings covering proposed quality controls and environmental safeguards for heavily-used problem streams in Michigan will be held Thursday, Oct. 28 in Cadillac by the Department of Natural Resources.

Thursday's hearing is scheduled to start at 7:30 p.m. in the Naval Armory.

It will focus public attention upon a recommended framework of river-use rules designed to protect natural values and to bring order to the growing conflicts point up the need for such controls.

The proposed measures were tentatively approved by the Natural Resources Commission in September and, more recently, underwent refinements by DNR specialists.

As they will now be presented for public comments at the Oct. 28 hearing, the proposed rules call for watercraft permit requirements (from trout season opening through June 30), time restrictions, and controls against horseplay which could be applied to any problem river in Michigan.

Pending the outcome of Thursday's hearing, two similar hearings in Lansing, and other clearances steps under the Administrative Procedures Act. The Commission plans to put a final set of river regulations into effect by April 1, 1972.

The protective rules would be introduced next season on the AuSable, Manistee, Pine, and Pere Marquette rivers where the greatest need for these controls has been dramatized by heavy, conflicting pressures.

All persons wishing to express their views on these measures at next week's hearing will be given a full opportunity to be heard. They may sign up to speak by filling out cards which will be available at the hearing.

Citizens who are unable to attend that hearing or the two later meetings in Lansing may express their thoughts in writing to the DNR. Their written comments will be recorded as part of the official testimony for the public hearings.

The second hearing on the proposed river rules will be held December 1 in Lansing. It will start at 1:30 p.m. in the auditorium of the Seven Story Office Building, located in the Capitol Complex.

On or about February 1, another hearing will be held in Lansing by the DNR. That later meeting will weigh findings of a special AuSable River use study currently being conducted by the University of Michigan. It will also serve as a sounding board for changes in the rules which come out of the first two hearings.

The exact time and place of the third hearing are yet to be finalized but they will be announced well in advance of the airing date.

## Craft Workshop Friday-Saturday

The Michigan Parks and Recreation and the Grayling Senior Citizens are holding a craft workshop at the center here on Friday and Saturday.

Mrs. Gould is asking the local merchants to help in directing anyone from out of town to the center when requested.

Also anyone from the Grayling area who is interested in attending please call Lora Gould, 348-9314 or 348-2331 immediately for reservations. The cost for both days, including lunch and the craft kits is \$10.00 per person.

Gary Wert has returned home from his long stay in the hospital. He is confined at home yet so all of his friends come and visit. The coffee pot is always on and you are always welcome.

## Defeat Kalkaska 20-0

### Vikes at Onaway Friday

The stage was set last Friday evening for another showdown battle for the championship of the Northern Lower Michigan League, when the Grayling Vikings extended their win streak to four games with a 20-0 shutout over the Kalkaska Blue Blazers.

This Friday night the Vikings (3-0) will journey to Onaway to take on the Cardinals (4-0) with the league title on the line. This will be Onaway's final league contest, while Grayling still will have the Nov. 5th date with the Harbor Springs Rams there.

With a steady rain falling throughout the homecoming game with Kalkaska, the Vikings made up for the dreary evening as they topped off the annual festival with their 20-0 victory.

The local green and white recovered a Kalkaska fumble early in the first quarter, which led to their initial touchdown, with fullback Kim Parkinson going 26 yards for the TD with 26 seconds left in the first half.

Both teams battled to a scoreless third quarter and most of the final period, with the Vikings final TD coming after another pass interception by Tobin, his 10th of the season.

With only a minute left in the game, Fitzpatrick scored from 2 yards out on a quarterback sneak. The PAT failed, with the final score 20-0.

The Viking victory was a costly one, with several key players receiving injuries. Coach Mike Weiland revealed that, Steve Persing suffered a broken bone in his foot and will be lost for the rest of the season.

Also, Kim Parkinson, the Vikings hard running fullback, pulled a thigh muscle, and it's questionable how healthy he will be by Friday, Coach Weiland said.

Bob Madsen and Dave White led the Viking defense with 12 and 10 tackles respectively, with Tobin coming through with 9 tackles and picking off three pass interceptions from his defensive safety position.

Grayling will now be on the road for their two remaining games of the season, with the big one at Onaway this Friday and the final at Harbor on Nov. 5th.

Grayling will now be on the road for their two remaining games of the season, with the big one at Onaway this Friday and the final at Harbor on Nov. 5th.

## Annual Silver Tea Friday, Nov. 12

On Thursday the Mercy Hospital auxiliary met to arrange details of their annual Silver Tea. Mrs. Everett Williams and Mrs. Jack Alef are in charge of planning the tea which will be held at the Chief Shoppengons Motor Hotel on November 12.

Mrs. Adelaide Lawrence has donated another of her beautiful paintings as a fund raising object. Everyone who has admired the series she has painted of the new Grayling State Bank will be interested in this. You will also remember the painting she donated last year. At present the painting is on display at the Mercy Hospital but will be shown in other spots during the next few weeks.

Mrs. Alice Lozen is in charge of tickets to be given donors. Please plan on attending the tea and bringing your friends.

Helen Wainscott, publicity

## KCC Vets Club

The Kirtland Community College Vets Club election of officers was held last week. Re-elected president was Jerry Wieler of West Branch. Elected vice-president was Dave Mahalak of Wyandotte and secretary-treasurer, Sara Mead of Merritt. All officers are sophomores.

There are Forty-two veterans on Kirtland Community College campus this fall. The Vets Club is presently sponsoring a Flag Football Team and will sponsor other events as the school year progresses.

## MAGAZINE SALE

Help the Senior Class this year by contributing to their Magazine Sale which will not begin until after October 23. We need your co-operation!

## Craft Committee's For COOR Career Center

Craft committee's are being formed for present and future programs for the COOR-Area Career Center at Kirtland Community College. Members from the Grayling area serving on the Committee include: Bob Funk, Electrical occupations; Buzz Stanton, Welding; Pete Latusek, small Engines; Bill Kinkertier, Office Machines; Jack Wooley, Machining & Welding; Bill Joseph, Marketing & Retailing; Bob Prause, Mechanical Drafting; and Vickie Gildner, Cosmetology.

## New Program Available Here

The Michigan Employment Security Commission announces the availability of "on-the-job" training programs to interested employers who can qualify.

OJT as is commonly called, provides training on the job by observation and performance.

OJT offers employers the opportunity to hire and train disadvantaged and non-disadvantaged persons for permanent employment in jobs that provide an opportunity for advancement to jobs of higher responsibility.

The program also enables employers to upgrade present employees into occupations requiring higher skills or into jobs in which there is a shortage of skilled workers.

It is directed at the private sector and any private profit or non-profit organization may participate. Government agencies at any level are not eligible.

As part of the program the government will pay a proportionate share of the costs of providing training to individuals hired and trained under this program.

Interested employers may call Mr. Czernik of the Michigan Employment Security Commission at the Crawford County Court House for further information.

## Senior Citizens' Halloween Party

All senior citizens in Crawford County are invited to a masquerade Halloween party on Sunday evening at 8 p.m. at the senior center. There will be dancing, games and refreshments. Every one should come in costume as there is a 50c fine for those who do not mask, and admission charge of 50c for those not in costume and 25c charge for those who do wear a costume.

## Warning

The Artillery Range at Camp Grayling, located North of County Road 612 and South of the North Branch of the AuSable River, will be used by National Guard Units 27 thru 31 October 1971 for Range firing.

This range will be closed on above dates and all persons are warned to stay out of this area.

**SORRY ABOUT THAT** — Jim Tobin, 33, Viking defensive free safety, eludes a Kalkaska tackler following one of three pass interceptions he picked off against the Blue Blazers. With two games to go, Tobin leads the conference with 10 picks of enemy passers. (Chuck Bonamie Photo)

## Mercy Hospital's Accreditation Continues

Sister Mary Hilda, R.S.M., Administrator, announced that word has been received from the Joint Commission on Accreditation of Hospitals (JCAH) that Mercy Hospital has been awarded full accreditation for another two years.

The accreditation review was done the last part of July by a

team of two surveyors — William F. Everett, M.D. and Mary A. Everett, R.N.

The purpose of the inspection, which is voluntary on the part of hospitals (over 7,000 now participate) is: to establish standards for the operation of hospitals and other health care facilities and services; to conduct survey and accreditation programs that will encourage members of the health professions, hospitals and other health care facilities and services voluntarily to apply certain basic principles of physical plant safety and maintenance, and of organization and administration of function for efficient care of the patient; b) promote high quality care in all aspects in order to give patients the optimum benefits that medical science has to offer; and c) maintain the essential services in the facilities through the coordinated efforts of the organized staffs and the governing bodies of the facilities.

On the afternoon of the inspection or "survey" the two "surveyors" reviewed their findings with the Administration and members of the Executive Committee of the Medical and Dental Staff.

Dr. Everett read to the group the findings and recommendations that would make up their report to the Joint Commission. The overall reaction of the two was gratifyingly favorable and complimentary to all at Mercy Hospital.

## Wards Catalog Store Opens

The Montgomery Ward Catalog Sales Agency located in the former Hunter's Dairy Building at 410 Cedar, will open its doors with a ribbon cutting ceremony Thursday morning, Oct. 28.

Owners of the agency are Charles and June Ryan of Grayling. He is the son of Mrs. Lillian Ryan and was born here and also attended school here.

After spending 20 years in the Navy, he retired in 1965, and moved back to Grayling two years ago.

Mrs. Ryan is a native Californian. The couple have two children — Bobby 7, and Shauna 4, and live on North Down River Road.

## Drug Alert Articles Start In This Issue

Starting this week the Avalanche will carry the first of 13 articles pertaining to the Drug threat in America.

The 13 part series entitled "Parents Know the Drug Threat. The Child You Save May Be Your Own", is brought to the readers through the efforts of the Grayling Kiwanis Club Drug Alert Program and the Avalanche.

## Santa Needs Help

The Crawford County Community Services is asking for donations of dolls in good condition that can be repaired (Please, none with heads, arms or legs missing) and toys made of wood and metal (No plastic ones) that can be repaired and fixed.

If you have any please contact Mrs. Walter Truetner, phone 348-8261.

These dolls and toys are to be fixed and mended and put to good use by distributing to the needy children for Christmas.

## Powder Puff-Faculty Football

On Wednesday night, Nov. 3rd, at 7:00 p.m., the Annual Grayling High School Powder Puff Football game will take on a new face.

In the first half of the game, the 9th and 12th grade girls will face (and scratch) the 10th and 11th grade girls in what appears to be a real mismatch of stamina, spirit and talent for the Senior girls who remain heavy favorites for the clash.

The second half of the contest features the older and wiser (and defraying) Senior High men's faculty against the youthful and energetic Elementary and Junior High teachers. Cheerleaders will be the classic and famous women faculty.

Proceeds of the game will go to purchase Audio-Visual equipment for all students of Grayling.

Price — .75c adults, .25c students. Come out and cheer (girls) or jeer (faculty) your favorites on to Victory.

## TWO FREDERIC MEN ENLIST IN MARINES

Daniel J. Myers of 6868 AuSable Road in Frederic enlisted in the Marine Corps for three years on the 19th of October and is presently undergoing Recruit Training at the Marine Corps Recruit Depot, San Diego, Calif.

Dennis W. Everson, also of Frederic, enlisted in the Marine Corps at the same time for three years under the 180 day program, and will be leaving for Recruit training in April.

## Meet The New School Teachers

New sixth grade science and physical education instructor at Grayling Elementary is Dennis Betts, formerly of Ypsilanti.

Mr. Betts spent his entire life in Ypsilanti before moving to Grayling, graduating from Roosevelt High School and Eastern Michigan University.

At Eastern, he was an outstanding swimmer, serving three years as team captain, and also being a member of the NAIA All-American Swimming and Diving Teams in 1967, 1968, and 1969. This past year he served as assistant swim coach at Eastern.

Mr. Betts' interests include all sports, hunting, fishing, and coin collecting. His duties also include coaching the 7th and 8th grade basketball teams.

Mike Delp is Grayling High's new Journalism and English instructor.

Mike is a 1971 graduate from Alma College where he majored in English and minored in Science.

An accomplished writer, he was highly regarded by his college professors for his writing skill. Several of his poems have been published.

Aside from writing, Mr. Delp's interests include organic farming and hiking. He and his wife Janet live on South Grayling Rd.

## Forestry Adds \$\$ to Local Economy

By Willard E. Besserman  
County Extension Director

Local residents in Crawford and Roscommon counties see a few pulpwood trucks go by, but have very little idea what they represent to the economy. The harvesting of forest products is important to northern Michigan. Over 70% of our land area is forested. The forest cover provides the scenic background for the tourist business. The forest cover protects the AuSable River Watershed and is responsible for the river being silt free.

David Olsen, County Extension Director for Oscoda County tells

me in 1970 Crawford County produced 30,387 cords of pulpwood and Roscommon 30,083 cords. Aspen and birch accounted for 24,233 cords, pine 22,786 cords, oak 8,515 cords and other hardwoods 5,936 cords. This wood had value of \$850,000 piled in the woods, and \$1,447,000 delivered to the mill yard.

Sawlog production in the two county area is approximately 6 million board feet per year worth about \$300,000 delivered to local mill yards.

Forest products generate over 1 million dollars per year in this area. The next time a truck rolls by, think of this fact.

## Editor's Mailbox

The Editor  
Crawford County Avalanche  
Grayling, Mich. 49738

Dear Mr. Madsen:

I had hoped to write to you the second installment in my suggestions for answers to our drug problems. Recent local news events have made that impossible this week. I must write to you and announce publicly that our Grayling Township Supervisor, is going to have one very active opponent from this moment on.

Today it was announced that he and the Zoning Board have authorized issuance of a liquor license for the corner of Old Dam Road and M-72. He also announced the possibility of a new license for Lake Margrethe area and Grayling Avenue. He announces this despite at least two public meetings in which very strong public displeasure was expressed. He announces this despite the fact each week we have a growing police blotter of drinking and drug related crimes. He announces this despite the fact that we are over polluted with liquor already. Despite our growing ranks of alcoholism among professional and factory workers — the growing divorce rate of our county — and concerted efforts by many individuals and organizations to keep our County from becoming another Honky-Tonk town like Houghton Lake.

How can we ever hope to train our children and youth that it is more important to turn on to the world, than to turn on to drugs and alcohol when our elected officials undermine our

every educational effort? How can we, as electorates, maintain any confidence in those we elect if they continually go against our expressed wishes, needs and best interests.

It is for these express reasons, therefore, that I announce my intention to actively seek a change in our Township leadership. Whether it will be immediately through petition, or at the next election, will depend on how many other voters feel the same way that I do. It is time that those of us who are concerned about drugs, morality, the Christian life, came out strong and hard for a better community. And I pledge to begin now to actively campaign for candidates who have reform qualifications.

Sincerely yours,  
Paul C. Frederick, Pastor  
Michelson Memorial Church

Dear Editor:

This summer your paper ran an article titled T.I.P. Turn In A Pusher. I commend you for this action. I feel that anyone who tries to involve a youth in a corrupt activity should be severely punished. Youth should be able to look to adults for guidance — the right kind of guidance.

So I'd like to suggest another campaign, T.I.B. — Turn In A Buyer. We have several patronizing adults in our community who buy beer and wine for kids as young as 13 years old. I think this is deplorable and I think that "buyers" should be turned in and severely punished. If adults wish to drink this is their business, but it is legally and morally wrong to influence young people to do the same. "Buyers beware" you are being watched and you may be turned in.

## Know Your Michigan Law

By Attorney General  
Frank J. Kelley

One of the most significant accomplishments of the 1971 Michigan legislative session was the Age of Majority Act of 1971. The Act is scheduled to take effect on January 1, 1972.

In the broadest terms, the Act provides that persons at least 18 years of age shall have the same legal rights and duties as persons 21 years of age or older. It supercedes all state statutes which provide otherwise.

Among the many changes which the new law will effect in the status of 18-year-olds, the following are notable:

Such persons may sue or be sued on their own behalf, without the appointment of a special guardian.

The earnings of unmarried persons of age 18 or older are no longer subject to parental control, nor are such persons entitled to support from their parents.

Persons over 18 years of age may purchase and be served alcoholic beverages, and may frequent places where such beverages are served.

Such persons may place bets at pari-mutuel windows, and may be licensed to operate poolrooms, bowling alleys and dance halls.

If injured in the course of employment, they may apply for workman's compensation benefits. If otherwise eligible, they may apply for welfare benefits.

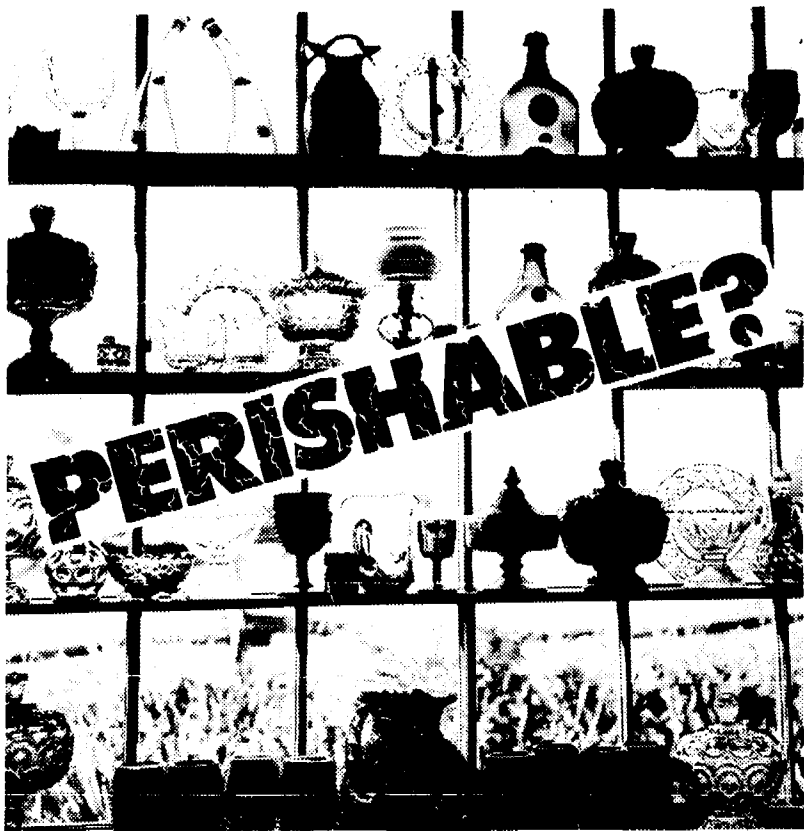

Such persons may be licensed to carry a concealed weapon, if otherwise qualified. (It is extremely difficult to qualify for a concealed weapons permit.)

The Michigan Age of Majority Act should not be confused with the 26th Amendment to the United States Constitution, which became effective on June 30, 1971. That Amendment conferred upon persons at least 18 years of age the right to vote in all federal, state, and local elections.

Since state law provides that registered voters may serve on juries, persons 18 years of age are now eligible to serve on juries in Michigan.

The Age of Majority Act, in short, will make all Michigan residents who are at least 18 years of age full-fledged legal adults.

## Attend The Church Of Your Choice

The window of the little antique shop is filled with lovely colors, sparkling in the sunlight. They could smash into bits in an instant if one were careless. But this fragile glassware has outlasted the men who made it. It would seem that things are more durable than people.

Things — all things — are the products of men's minds and talents. But they have no will of their own, no feeling. No matter the obvious evidence, it is impossible that objects could outlast man — even if you didn't believe in eternal life.

Where is the answer? Perhaps you can find out in the church of your choice.

## Bedeveling the Honest Citizen

Judging by recent figures concerning the killing of policemen, sweeping gun control laws, aimed at depriving the law abiding of the right of gun ownership, would be about as effective as outlawing the rising of the sun. These figures show that of the arrested killers of policemen, 71 percent had been arrested previously and 57 percent had been convicted, mostly of crimes of violence. This means that it was already illegal for most of them to have guns under federal law and many state or local laws. Between 15 and 20 percent of the policemen murdered with handguns were killed with their own handguns, which their assailants snatched away from them. This could be the consequence of "Don't Shoot" orders given police in some cities. In the past three years, Black Panthers have murdered nine law officers and wounded 56 more with gunshots. Most of the guns traced to them were found to have been acquired by theft.

The simple fact, as pointed out in "The American Rifleman", is that, "Most police killings are committed by criminals with illegal guns. Rather than passing another law for them to ignore and break, the solution is to put them in jail. There are enough laws now under which that can be done without bedeviling the millions of honest citizens who own guns."

The right of gun ownership is one of the most fundamental and traditional of American freedoms. A gun is a companion of ranchers, farmers, trappers, woodsmen and sportsmen. Those who would strike down the right of gun ownership for these millions of responsible citizens in the name of curbing crime are committing the greatest disservice to the basic principles of our American philosophy of individual freedom.

SIKESTON, MO., STANDARD: "The liberals love to give away money—your money. They would say, 'Elect rich humanitarian politicians—elect rich folks who don't have to steal.' Reminds me of the cockroach — it's not what they steal, it's what they carry off."

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVANCECHE OF 23 YEARS AGO

October 28, 1948

There will be a Halloween carnival at the High School, Friday and Saturday evening, Oct. 29 and 30. Everybody is welcome to come. You will find the regular attractions of the carnival, such as several ring tosses, penny toss, spin the wheel and win a blanket, fish pond, house of horrors, fortune telling and many others.

The governing body of Grayling High School, namely the Student Council, recently became organized under their new president, Carl Hanson. Working with Carl on the executive council are Axel Peterson, vice president; Marlene Jensen, secretary; and Clarence LaMotte, treasurer.

Vows were repeated in home rites on Tuesday, Oct. 19, which united in marriage Bessie Wakeley, daughter of Mr. and Mrs. Thomas L. Wakeley, of Fletcher, and Ross James Willis Jr., son of Mr. and Mrs. Ross Willis Sr., of Cadillac. Rev. W. W. Pixley of the First Baptist Church performed the double ring ceremony. Orchid and white mums decorated the living room of the home of the bridegroom's parents for the ceremony which was witnessed by about 35 guests.

Mrs. Harold Johnson had a Sunday school party last Friday night all in the theme of Halloween. The children were all dressed in different costumes and masks. Games were played and a delicious lunch was served.

**NEW CHAMBER MEMBERS** — David Sabin, Membership Chairman of the Grayling Regional Chamber of Commerce, is shown presenting a new membership plaque to Mrs. Ben (Fannie) Berman of the Price Mart located in downtown Grayling. The Berman family moved from Detroit to the northern region 4 1/2 years ago. They have operated the Price Mart in Grayling just over a year, and handle a full line of furniture and house furnishings in the latest trends and styles.

Michigan bowhunters have been flinging arrows at deer ever since 1937 when 184 stalwart archers took to the woods. They didn't do much damage to the state whitetail herd then, and now, as we go into the 36th consecutive season, the deer still don't appear to be in too much danger.

Those first pioneer bowhunters had to settle for a buck or nothing — and the latter is what most came home with. Today there are a lot more hunters carrying the sticks-and-strings but on the average they don't come home with much venison, either.

Bowhunters today have a season that runs 2 1/2 months, beginning October 1 and continuing through November 14. After a pause for the Nov. 15-30 deer season the archers again pick up their bows and twang away at the whitetails through the entire month of December.

Michigan's prize bowhunting year was in 1964 when 45,494 archers managed to bring home 2,810 deer of either sex. Today the Robin Hood army regularly numbers over 50,000 but the deer manage to prevent the setting of any new records by staying out of the way of most bowhunters. A year when one out of 20 archers gets a deer is considered good.

The average bow-and-arrow deer hunter could care less whether he bags a deer, though. If he did, he would toss away the primitive weapons and stick to the season when the high-powered artillery is allowed. October, of course, is the most colorful season of the year in Michigan and bowhunters reap a full harvest of beauty each time they step into the woods. A deer would just be a big, extra bonus of the hunt but isn't likely.

Bowhunters use pretty much the same methods employed by riflemen but there are differences. The archer has to get within 30 or 40 yards to be very effective, while the gun hunter can plunk a slug into a deer a couple hundred yards away. Because he must be so close to his target, the bowman can do away with bright-colored clothes. It is almost unknown for a bowhunter to be mistaken for a deer.

A combination of blinds and camouflaged clothing are used by most deer-hunting archers. Building a blind, though, must be done with care since even a single twig in the way of an arrow can send it far wide of its intended target. A rifle bullet would plow right through at such close range.

a clerk at the Lewis Drug Store, was in the city Monday shaking hands with old friends. Mr. Henne, for a number of years past has been state auditor for the Michigan State Telephone Co. His mother resides with him.

Ace Leng's mustache is surely growing, it is long enough to be seen at this writing.

Mrs. Clarence Brown, Mrs. Ben Landsberg and Mrs. Herbert Gothro arranged a very delightful Halloween party, Wednesday evening. Mrs. Carl Nelson and Mrs. Harry Reynolds tied for having the most comical costume.

Mr. and Mrs. W. W. Lewis have taken up their abode with Mr. and Mrs. George E. Smith for the winter.

Born to Mr. and Mrs. C. E. Hagle, a daughter, Virginia Lee, October 26th. Mrs. Hagle is the daughter of Mr. and Mrs. R. D. Bailey.

Don McCormick and Don Sheldon are on their way to Florida to spend the winter.

The Lovells Hook and Trigger club is having Russ Lincoln, DNR fish biologist of Grayling as their guest speaker at the monthly meeting to be held on November 2.

The Lovells Hook and Trigger club announces that their high power rifle range will be open to the public on November 13 and 14 to allow the deer hunters a chance to check their rifle and sights prior to the opening of hunting season. There will be a slight charge for the targets. All hunters are urged to take advantage of this opportunity as a safe and well sighted rifle means fewer hunting accidents and better hunting.

Mr. and Mrs. Jack Goodwin and family of Ann Arbor spent the weekend visiting her sister and husband, Mr. and Mrs. Bill Koernke.

Mrs. Clarence Beaufait entertained the Cheerful Givers Club at a Halloween party at her home Thursday evening. Costume prizes were won by Mrs. Janet Reynolds and Mrs. Shirley Lambert. Following the games a delicious lunch was served by the hostess.

Mrs. Vi Richards is visiting friends and relatives down state. The Sunday School Halloween party will be held Friday starting at 5:30 at the Ladies club room. Later in the evening the children will come to your home collecting for UNICEF.

Mrs. Jessie Gerhard is a patient at Mercy Hospital. Her friends hope she will soon be home again.

Mr. and Mrs. Leonard Nussbaum are enjoying a trip to Texas.

The Cheerful Givers Club will meet at the club room on Thursday evening. Bring your scissors.

**St. Francis' JV's Defeat Freshmen**

The Grayling freshmen were defeated last Wednesday by the powerful Traverse City St. Francis JV's by a score of 26-6. After four minutes of play St. Francis led 14-0. From this point on, the young Vikings held their own and played heads up football. The score at halftime read 26-0.

Determined not to be shutout, Grayling scored on a 20 yard pass play from Hansen to Bonamie with 4 minutes left in the game. This was the only touchdown scored in the second half, by either team. Defensively Lovely, Hinkle, Bonamie and Tobin did a good job.

The final freshmen game of the year will be this Thursday night here at 6:30 against the Traverse City black jerseyed freshmen team. Come out and see the young Vikings in action.

## JV's DEFEAT TRAVERSE 16-12

Coach Chuck Mires  
Asst. Lacey Stephan

Last Tuesday evening the Grayling JV's took a big step up the competition ladder and knocked off the Class A Traverse City High School sophomore team in a hard fought game 16-12. The young Viking's had had their eleven game winning streak snapped a week earlier and were determined to start a new string of victories.

Grayling opened the scoring in the 1st period with Walt Kozicki scoring the touchdowns and Kevin Zimmerman running for the successful two point conversion. Traverse City came roaring back with a powerful ball control offense to score twice before halftime and take a 12-8 lead.

Early in the last half both teams moved the ball well offensively but failed to score. Grayling missed several scoring opportunities, once fumbling on the T.C. six yard line. With approximately eight minutes to play in the game a 45 yard Dan McClain punt was fumbled by Traverse City and Tom Vajda recovered on their 25 yard line.

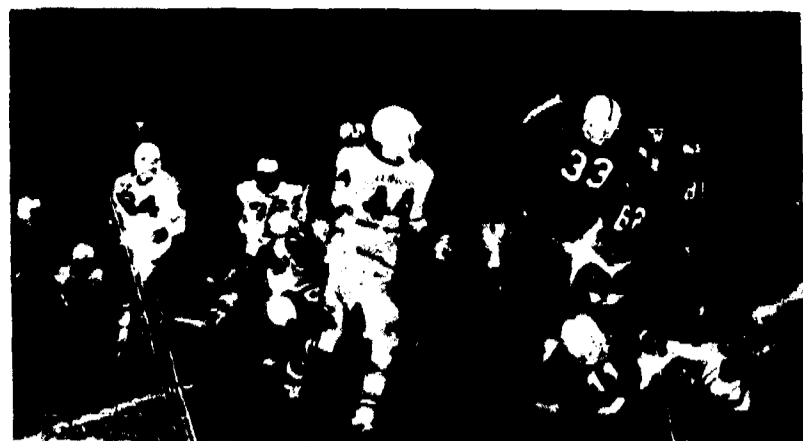

Quarterback R and y Sajdak lead the drive for the winning touchdown which was capped by tailback Jim Bobenmoyer's 4 yard plunge for the score with only 6:44 left in the game. Bobenmoyer also ran for the successful two point conversion for the final score of the game.

The game remained in suspense, however, as a Traverse City took the kickoff and moved deep into Grayling territory before a key 4th down tackle by Bert Kaiser stopped them. The JV's then controlled the ball until the clock ran out to assure the victory and up their season record to 5-1.

Defensively the Viking's were led by Dee Mead and Bernie Larson with ten tackles each and linebacker Kozicki's nine solo tackles.

Offensively Bobenmoyer picked up 55 yards in 15 carries and fullback Zimmerman ran for 40 yards in 16 attempts. The JV's hosted always tough Onaway Tuesday evening at 7:00 p.m. for their final game of the season.

## Parents Know the Drug Threat

The Child You Save May Be Your Own

Today's Subject: The Drug Scene in Our Country

This is No. 1 in my new series of "letters" to parents. Since I cannot possibly talk to every parent individually I find this is a speedy and efficient way to communicate. This series, as the title implies, will be to give all parents in our community some of the latest information on drug abuse.

A noted college professor in the east said recently, "the present generation of young people in our schools and colleges are the best informed, the most intelligent, and the most idealistic of any we have ever had in this country." He adds, "today's young people are more moral than their elders, 90% of them." Only a small minority of young people are using and abusing drugs, but a minority still means a great number of young people, some quite young, and the number is evidently increasing rapidly.

This is a drug-obsessed society. In 1965 about 167,000,000 prescriptions were written by doctors for psychotropic drugs, the kind that change or affect mood or behavior. Adults were the main consumers, and so we must assume that adults themselves are high on the list of drug abusers.

If this is true, and national statistics seem to indicate it, the parents must look to themselves when trying to understand how the drug problem got its start in the first place. However, the purpose of this series is not to place blame, but rather to become familiar with terminology, learn more about the drug problem itself, and discuss how best to cope with it as parents.

It takes no giant intellect to realize that a parent cannot scare a child into doing "the right thing" with statements that are not factual. During these trying times most children, from their associations on the street, know more about drug use and terms than their parents. Therefore, what we discuss here about drugs will be an effort to meet and surpass the knowledge of our children, so that we may better impress them on the pitfalls of drug use.

Everyone knows, if he reads at all, the use and abuse of drugs that affect the mind is spreading across the country. Hundreds of thousands, maybe millions of young Americans are tasting, testing and experimenting or going further with marijuana, LSD, with "uppies" and "downies" . . . pep pills and sedatives, with "Speed," and a few with heroin. So then, in the series ahead, we will examine such things as Oral Amphetamines, Injected Methamphetamine, Barbiturates, Heroin, Marijuana and LSD — what they look like, the names they are called by the teens, where they are obtained, how they are used, dangers of use, affects of use, reactions, etc.

For a majority of youngsters, an encounter with mind-affecting drug seems only a flirtation with the user feeling sure he can take it or leave it. Some authorities say that such experimentation can amount to drug roulette; some young people happen to be particularly susceptible to some drugs and can become dependent and hurt badly by what they intended as an innocent adventure.

American society tolerates alcohol and nicotine, both of which are technically drugs, and millions of people abuse both of them. Many drugs are taken legitimately by prescription, but there is also a black market among some potent drugs. Every year billions of sedative and pep pills are diverted to illegal use and misuse. This is enough pills per person per year to keep everyone in the United States awake and jumping for a week, and enough barbiturates to keep them in a stupor for a week, according to the Federal Food and Drug Administration.

If this information convinces you that all parents need to know more about drugs, watch for my "letter" to you next week in this paper.

## Uncertainty Scrambles Millage Chances

Almanack

Crawford County Avalanche  
Thursday, October 28, 1971

## EDITOR'S MAIL BOX

An open letter to the people of Crawford County from the members of the Grayling Kiwanis Club.

A major industry in Crawford County is in danger, in danger of its life and the financial lives of the people directly involved!

The easy way for all of us is to say "that's their problem, thank God we don't own a canoe livery!" This attitude is economic suicide for this area. Unfortunately, little or no action has been taken by our Chamber of Commerce, other than lip service. Action is what is needed and needed now! Let's explore some facts.

1. There are 16 canoe liveries in this area, renting approximately 800 canoes.

2. Their combined payroll numbers about 100 people.

3. This employment of 100 represents 75 under 21, the youth of our community — one of the few businesses that does hire our young people.

4. Teenagers need employment for their mental growth, college fees, parental aid, etc.

5. These 16 canoe liveries bring in an estimated \$900,000.00 annually in rentals to our area. This is not, we repeat not, counting the spin off dollars in gas stations, restaurants, bars, motels, etc. spent by canoeists which is estimated at an additional \$2,500,000.00 annually, or a total gross income to Crawford County annually of well over three million dollars.

6. Experts in ecology tell us the rivers are in better condition now than they were 90 years ago. The fishing is better, the bottom is better, the banks are better.

7. The rivers belong to all the people, not a select few who would have them designated as a private playground for their own selfish pleasure.

In conclusion, we of Kiwanis, are the first to agree that laws are necessary to protect our rivers against those who would foul or degrade them, but we submit the fact that you can not legislate for rivers, you legislate people. No intelligent person would suggest limiting the traffic on 175 because of litter; you make and enforce laws toward the people who litter, not the roads!

This proposal would set Crawford County back ten years economically. The administration and enforcement of such a proposal would send taxes sky high in our county, taxes that would be paid by Crawford County citizens, not the Lansing advocates of this short sighted regulation.

Therefore, be it resolved that the Grayling Kiwanis Club go on record to defeat these proposed river rules, and further urge everyone in Crawford County to do the same.

## Sports vs books

By Jim Fitzgerald

After exhaustive study, 2 psychologists have reported that sports do not build character. Being a football star does not make Johnny a better person.

20,000 high-school coaches just slit their jockstraps.

But I am laughing. I am remembering a basketball coach who was also a history teacher. He couldn't understand how I could be 6 foot tall and not want to play basketball. Every time he graded my history assignment, he subtracted 10% because I was a sissy and 15% because St Stephen High was in last place in the St Clair County League and it was all my fault.

He was 1 of those coaches who insisted Lincoln would never have been elected president if he hadn't been a little leaguer. World War 2 would be won on the West Point football field, he said, and France fell to Germany because French kids never learned how to play shortstop.

If that coach is still alive today, he probably thinks the world's greatest sissies are Dr Bruce Ogilvie and Dr Thomas Tutko, psychology professors at San Jose State College in California. For 8 years they tested 15,000 athletes, worked with 27 professional teams and hundreds of high school and college teams. And they concluded there is nothing to support the traditional idea that sports build character.

"Indeed," they said, "there is evidence that athletic competition limits growth in some areas. . . athletic competition has no more beneficial effects than intense endeavor in any other field."

So there, Coach. 30 years later, my judgement is vindicated by experts. I never could understand how running around in public in my underwear would make me editor of the New York Times.

It's not that I don't like

sports. As a boy, I went to all the games and crawled around under the bleachers, looking for dropped money. That's how I became a fan. I still attend more games today than most normal men. I take my son along to pick up the money although I get half if I see it first.

The other day my mother came visiting and got her first look at the recreation room recently installed in my basement. Dear Old Mom remembers my hyper-relaxed boyhood better than anyone. She remembers when I delivered newspapers on foot and my dad looked out the window and swore he had to line me up with some trees to see whether I was moving.

"You have finally achieved your boyhood ambition," Mother said. "You have your own pool table and your own bar with running water and cold beer. I am so proud of you."

I explained to her that it was,

shucks, really nothing. And I asked her if she had been worried, those many years ago, about a son who never went out for school sports.

"You were always sitting around the house reading," she remembered, "while the other boys were out playing ball. I asked you once if you thought you'd grow up to be a great man and you said you'd rather grow up to be a great reader."

Hmmm. I wonder if books build character? I don't remember any teacher ever saying so. I never won a letter for my sweater for reading. There were never any pretty cheerleaders chanting: "Go man, read that sentence, understand that paragraph. Rah rah."

"I'll bet you're glad I built my character with books instead of sports," I told Mother.

"You bet," she said. "All you ever read were comic books."

Onward and Upward, with character.

## Volunteer Aids -- Teacher's Extra Hands

**STUDENT AID** — Karen Partello shown helping Kathy Helsel and Oscar Horning.

Grayling and Frederic Elementary Schools have embarked on an exciting new program this fall that is gaining a great deal of recognition around the State.

Volunteer aids have been recruited from the ranks of the housewife, retired persons, and high school students throughout the county to provide extra help to children who are having one or more problems with the three R's.

Lesson plans are made for each child on a weekly basis by the District's two remedial teachers, Shirley Whipple and Peter Ingvarsson. Both remedial teachers are continuously involved in evaluating the child's progress and coordinating their lessons with the aids.

## Jack Pine's Stump

Pop Lar on the radio has got to be something else again. He's a pretty liberal sort of an old duffer, a lot more so than his be-whiskered mentor Wayne Andrews. But, alas and alack, I have only heard him one time. But what he has had to say has a way of getting back to me. And as long as Old Pop likes bad jokes, here's one for him to try on. An Indian left the Reservation of his ancestors and went off to college where he obtained a degree in electrical engineering. When he came back after graduation, there wasn't much need for electrical engineers, but he did manage to completely wire his parental home. When he had it done, he had enough wire left over to wire the outhouse, which he did. And thus he was the first person to wire ahead for a reservation.

— JP —

The reason I don't grow a beard or even a moustache is simple. I tried it once and found that I resembled very much a many rabbit. Besides, I have enough trouble just growing old.

— JP —

Several days ago I had a long wait between airplane flights. So a fellow I had met on the plane and I went into the airport lounge. Seated next to us was a rather well-dressed man, about fifty, who was well on his way. Everyone who stood or sat close to him was asked what his ethnic background was and then was forced to listen to how rich this fellow was. Now this sort of thing can be most irritating — and the man back of the bar had about all he could take.

When the Loud-Mouth said no one believed how rich he was and took out a \$100 bill to prove it, the bartender without a word, reached in his own pocket and made change—a fifty, two twenties, a five, four ones and right on down to five pennies. The customer was so upset he took a dollar bill, tore it in six pieces and said "Here's your tip..." and left. Later on he was in the dining room buying dinner and champagne for a college teacher and his wife. He hadn't ever seen them before, but he was trying to be impressive. I overheard him say that he used to write poetry for the President of Ecuador (sp) and then quoted some of it. Pure Robert Frost. He also said that he was waiting for his private plane which was taking him that night to Hudson Bay, but that he couldn't stay long as he had to be in Greece Wednesday. He also apparently had something to do with World War Two, but I don't know on whose side. He did say that living alone on an island in the South Pacific was pure hell. He didn't even have a maid. But he did say that he had courage. He asked the professor if he had the guts to cut off one of his fingers. Now this somewhat unusual question isn't exactly good dinner conversation, and the professor so told him. Well, it would appear that our friend had chopped off two of his toes to show his courage. At this point, I just tuned him out. If there's anything worse than a crude bore, it's a rich crude bore.

— JP —

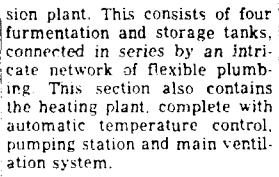

The following was sent down from the college at Marquette by a girl whose parents live around these parts. I don't know whether she wrote it or not, but it's quite clever.

What Is A Cow?

A cow is a complete automatic milk manufacturing machine. It is encased in untanned leather and mounted on four vehicle moveable supports, one on each corner.

The front end contains the cutting and grinding mechanism, as well as the headlights, air inlet and exhaust, a bumper and fog-horn.

At the other end is the dispersing apparatus and an automatic fly swatter. The central portion houses a hydro-chloric conver-

sion plant. This consists of four fermentation and storage tanks, connected in series by an intricate network of flexible plumbing. This section also contains the heating plant, complete with automatic temperature control, pumping station and main ventilation system.

The waste disposal apparatus is located at the end of this external visible features are two lookers, two hookers, four stand-ers-uppers, four hanger-downers and a swishy wishy.

There is a similar machine known as a bull, which should not be confused with a cow. It produces NO milk but has other interesting uses.

### PACK 93 NEWS

On October 22, Fire Prevention Month, we had our first Pack meeting.

Webelos Den 2 opened with a Welcome Program.

Den 5 put on a fine skit called "How Not to Put Out a Fire", which had a surprise ending.

The Cubby Award for best attendance by parents and Cubs was won by Den 6.

The Pack has a new Cubby this year. It was made by Willard and Phyllis Pfaff and stands two and a half feet tall. The Cub Scouts and Pack leaders are proud of their new friend and wish to extend their gratitude to Mr. and Mrs. Pfaff.

Goodie's Bakery is providing a bag of goodies to accompany the Cubby each month to the winning Den. Let's make it a point to attend all Pack meetings.

Nine Bobcat pins were awarded to the new Cubs who had learned their Cub Scout Promise and Law of the Pack. That's a real good start.

The Cubmaster read a ghost story with the Pack furnishing sound effects.

Webelos Den 2 closed with "A Picture of Our Country."

The Pack is still looking for assistance, especially a secretary. Please contact LeRoy Rettell at 348-7145.

## BITS O' TALK

Mr. and Mrs. Richard Day of Livonia spent a few days recently at Beaver Bend Lodge doing some bow and arrow hunting but without any success.

Mr. and Mrs. Ernest Larson returned home Wednesday of last week from a ten day trip spent in the East, where they visited their daughter, Mr. and Mrs. Van Essen and family at Richboro, Pa. They stopped enroute there at Sharon, Pa. where they called on Mr. and Mrs. Ed Abbott and Harold Saucerman, who had been in Grayling for the Lay Witness Mission of the Michigan Methodist Church during the first of October. They visited some of the Amish farms around Lancaster County, Pa., and spent a day at the Longwood Gardens near Kennett Square, Pa. The gardens were founded by Pere DuPont and have been open to the public for over a century. The gardens, fountains and greenhouses were built, and over 1,000 acres turned into one of the most outstanding gardens and one of the most important horticultural showplaces in the world. They came home by the Mountain route and reported the color just starting there was beautiful. They spent one evening enroute home visiting her cousin, Mr. and Mrs. George Burke in Toledo, Ohio.

The two daughters of Frank Gierke of Manistee were here Tuesday last week to visit their uncle and aunt, Mr. and Mrs. Ed Gierke and other relatives.

Bonnie Jones of Alma entertained her family Sunday with an early Thanksgiving dinner as her mother is leaving soon for her home in Florida. Those attending from Grayling were her mother, Zoe and Mike Lorka, her brother, Butch Borchers, her grandmother, Mabel Wiehe, her godmother, Wanda Cardinal, her aunt and uncle, Perry and Bev Wells, and aunt, Joyce Mathews and cousins, Jay, Michael and Mary Joye. Also attending from Union Lake were her aunt and uncle, Faye and Fred Ward and daughters, Faye Marie and Janna. From Portland were her cousins Vickie and Jimmy Beard and daughters, Beth Marie and Andrea Marie. They all reported a happy day and a delicious dinner.

### IN MEMORIAM

In memory of my beloved sister, Leona Markby Jehn, who passed away October 28, 1970. Loved by all who knew her. Upon this earth she left her mark;

Because of all her sufferings From her faith in God she did not part.

She loved her family dearly, And her compassion for the young and old.

Reminds us all so clearly Of the greatest story ever told. We made a promise, she and I, As others have often done, That whoever got to Heaven, Would take a kiss to Mom.

I know she has kept her promise For her faith did always shine; And of all the sisters in the world,

I'm glad God made her mine. To her two sons she loved so dear, She bid a fond good-bye; For she knew they'd meet again In God's home on high.

## School Board Minutes

October 11, 1971

The regular meeting of the Crawford AuSable School Board of Education was called to order by President Joseph at 7:30 p.m., in the Homemaker Room of the High School. Members present: Joseph, Kolka, Johnson, Harwood, Smock. Absent: Burns, Madill.

School finances were discussed. Superintendent Stripe announced that the application to borrow \$75,000.00 for operation until local taxes started coming in had been sent to the Department of Education.

Bills 3853 through 3911 were discussed and approved for payment.

The Emergency Employment Act was discussed and it was announced that the Committee appointed by the County Board of Commissioners had approved the hiring of one employee under this Act by the school.

The need for a new pickup truck to replace the old 1957 truck was discussed.

Student buses to away games was discussed and it was announced by Mr. Batway that four students have been suspended for one month from riding the bus because they came home in a car. School regulations definitely state that when a student rides a bus to a school activity he must ride the bus home.

The new High School building was discussed and the Board made plans to meet with the architects on Tuesday, October 19, at 3:30 p.m., in the Biology Room of the High School.

The name for the new High School was discussed and it was moved by Johnson and seconded by Harwood that the new school be called the Crawford AuSable High School. There were two yes votes and three no votes. The motion was declared defeated. It was then

moved by Kolka and seconded by Smock to name the new school the Grayling High School. The votes were three yes and two no. The motion was declared carried.

The Michigan Association of School Board meeting in Detroit was discussed by Jim Kolka who attended all the meetings and felt it was very worthwhile.

Mr. Dean and Mr. Nunn talked about the parent helpers at the Elementary School and explained to the Board just what is being done and how happy they are that so many people have volunteered to help. Most of the helpers are parents but they do have a number of High School girls who come over during their conference periods. The helpers work on a one to one relation with the students in Reading and Arithmetic.

Mr. Batway told the Board that we have 33 students attending the area vocational school at Kirtland Community College, taking the following courses: Drafting, Electronics, Machinery, Welding, Office Procedures, Marketing and Retailing, and Cosmetology.

The meeting was adjourned at 9:30 p.m.

These minutes have not been approved and may be subject to change.

## Road Commissioners Minutes

October 8, 1971

A regular meeting of the Board of Crawford County Road Commissioners held in their office in Grayling, Chairman Shook presiding. Members present: Commissioners R. E. Shook, Ervin E. Richter and Harold T. Johnson, Engineer Manager John M. Keir and Superintendent Norman H. Feldhauser. Absent: none.

The minutes of the last regular meeting were read. A motion was made by Comm. Richter supported by Comm. Johnson that the minutes be approved as read. All voted in favor, motion carried.

Voucher No. 1853 covering Payroll #20 in the amount of \$13,625.86 and Vouchers No. 1854 to 1874 covering materials in the amount of \$2523.84 were presented for approval. A motion was made by Comm. Johnson, supported by Comm. Richter that Vouchers No. 1853 to 1874 be approved and warrants ordered in their respective amounts. All voted in favor, motion carried.

An application was received from Shell Oil Company for a permit to conduct seismic work along Bucks Truck Trail from SW cor. Sec. 10 to SE cor. Sec. 12, T27N, R2W, Grayling Township. The permit was approved and signed by the Commissioners.

An application was received from Amoco Production Company for a permit to operate vibrator type equipment for exploration purposes along the Cameron Bridge Road east from the West County line for approximately 2 miles. The permit was approved and signed by the Commissioners.

The Board authorized Engr. Mgr. Keir to advertise for bids to replace 3 pickup trucks, one of these to be a shop truck.

At a motion by Comm. Richter, supported by Comm. Johnson, the Crawford County Road Commission offered the following Resolution and moved its adoption:

RESOLVED: That as of October 8, 1971, the Board of Crawford County Road Commissioners hereby adopts the following provisions for movement of oversized and overweight vehicles over public roads under the jurisdiction of the Crawford County Road Commission.

Conditions and Restrictions

1. Applications must be complete and submitted on Road Commission forms.

2. Permits will be issued only for vehicles owned by the applicant or operated under a bona fide lease agreement, including mobile home transport companies, manufacturers and dealers.

3. Move to be made with a minimum of interference to traffic, and at no time will the highway be closed to other traffic. The vehicle and load shall not exceed beyond the road centerline.

4. The operator in charge of moving the equipment must have the permit in his possession during the progress of the movement, which permit must be shown upon demand, to any police officer or agent of the Crawford County Road Commission.

5. Permits are not valid on highways or structures which are posted for lighter than normal loadings if the vehicle exceeds axle loadings as posted. Permits are not valid for overweight when restricted loadings are in effect.

6. Applicant will be responsible for damage to the highway, to persons or to property caused by or arising out of the movement involved, and will indemnify and save the County harmless from suits, claims, and damage of every kind or nature arising from use of the highways involved herein. Applicant shall immediately report to the permit issuing office any damage caused to or along the highway.

7. Misrepresentation of information set forth in the application for the permit or noncompliance with the provisions on which the permit is issued, shall immediately void the permit and subject the parties involved to appropriate legal action.

8. All movement shall be during daylight hours only. Permits are not valid on Saturdays, Sundays, nor during the period beginning at 12 noon on the day preceding and continuing until 12 noon of the day following the holidays here listed: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day. When the holiday occurs on a Friday or Monday, permits will not be valid for the period beginning the noon before the three-day weekend, or until the noon following the three-day weekend.

9. Loads shall be arranged to effect the minimum width. Crosswise loading is not permitted.

10. A permit is VOID whenever road, weather or traffic conditions make travel unsafe.

11. Permits are valid only for a single trip.

12. The following insurance coverage must be in force and effect on each vehicle while operating on the public highways under special permit:

BODILY INJURY LIABILITY, each person, \$20,000.00.

BODILY INJURY LIABILITY, each accident, \$40,000.00.

PROPERTY DAMAGE LIABILITY, each accident, \$20,000.00.

Proof of insurance must be on file with the Road Commission.

13. If this equipment is to be moved on any road other than specified in this permit, permission must be obtained from the appropriate authority.

14. Permit Fee \$2.00.

ADDITIONAL REQUIREMENTS FOR PERMITS TO MOVE BUILDINGS & MOBILE HOMES EXCEEDING 12' IN WIDTH

1. Accompanying the application for permit, a surety bond in the sum of \$1,000.00 indemnifying the Crawford County Road Commission against loss or damage for each individual movement of any building exceeding 12' in width.

2. A sign shall be displayed on the front bumper of the towing vehicle and the back of the mobile home, signs with the words "oversize load". Signs shall have black letters at least 12" high in front and at least 16" high on back. Letters shall be black on interstate yellow background.

3. Movement is restricted between the hours of 9 A.M. to 3 P.M.

4. The application must specify the proposed route. No through county moves will be permitted on County Roads.

5. Movements which exceed a width of 12 feet shall be accompanied by 1 escort vehicle in the rear within reasonable distance thereof. The escort vehicle shall be equipped with flashing amber signals on top of the cab.

6. Minimum requirements to be not less than as specified under Act No. 38, Public Acts of 1971.

7. Permit Fee \$5.00.

Ayes: Shook, Richter, Johnson. Nays: None.

There being no further business a motion was made and supported to adjourn. All voted in favor, motion carried, meeting adjourned.
